

# Comedy In Last Weekend

Showcase Theater will end its five-week run of the comedy-melodrama "Love Rides the Rails" this weekend with performances Friday and Saturday, 8:30 p.m., at 13752 S. Prairie Ave., Hawthorne.

Directed by and starring Paul Smith as the villainous Simon Darkway, "Rails" tells the Morland Cary plot of how the "bad guys" attempt to gain control of the railroad stock owned by timid Widow Hope-well (Darlene Hill) and her demure daughter, Prudence (Jo'an Miller).

Darkway and his cohort, Dirk Sneath (Dan Kubik), are foiled by hero Truman Pendennis (Vic Buck), loyal friend Harold Standfast (Joe Glasgow) and their one-time companion in crime, sultry Carlotta Cortez (Carol Kubik).

Boos, cheers, a sing-along and popcorn for eating and throwing all add to a play designed for family viewing.

Audience participation is the keynote in this tale which also features the acting of Noreene Anderson, Jim Love, Ray Rakes, Lee Coultrice, Rick Norton, Steve Duffy and Mauryne Wallace and includes off-stage piano music by Julie Metzger.

# Engine Donated To Tartars

Torrance High has received the gift of an instructional engine from the Briggs & Stratton Corp. The engine will be used as a training aid in Mrs. Bruce Thompson's Power Mechanics class, a vocational unit designed to train boys for employment upon high school graduation.

Dr. Carl R. Ahee, principal, called the gift "an example of foresighted industry placing its faith in education and creating a bond which will benefit both."

In connection with the gift Mr. William Plutte, Briggs & Stratton Southwest district representative, visited the high school and toured the Power Mechanics shop. His comments were favorable and he expressed the view that the engine had been well placed in this high school by the parent corporation.

# Homeowners Plan March Meeting

Highlight of the February meeting of the Southeast Torrance Homeowners Association was a report by Nicholas Miller of the flood control committee. Reports were also given by the committees formed to deal with such problems as oil fields, streets and sidewalks, schools, library and city council liaison.

On the agenda for the March meeting will be progress report by the flood control committee of Los Angeles County and Torrance City flood control plans and programs that will affect the southeast area of Torrance.

The organization will meet Monday at 7:30 p.m. in the Adams School Cafeterium, 2121 W. 238th St.

The association covers the area of Torrance bounded on the north by Sepulveda Boulevard and on the west by Crenshaw Boulevard.

# Vandals Set Fire Inside Area School

Vandals broke into Seaside Elementary School Sunday evening, ransacking school offices and setting fire to a pile of papers in the vice principal's office. Fire department officials estimated the damage at \$100.

Suspects entered through the door of the administration building, possibly using a pry tool, police said. Their destructive rampage included strewing medical supplies around the nurse's office.

Arson investigators suspect two students at the school, who were seen prowling the area shortly before the incident.
